

Modified Chapman, 7/25/2020

This is a two man team event. Both players tee off on each hole.

On par threes, the team selects the best tee shot, then the player that did not hit the selected tee shot plays the second shot and the players alternate until holed out.

On par fours, each player hits his partner's tee shot, then the team selects the best second shot. Then the player that did not hit the selected second shot plays the third shot and the players alternate until holed out.

On par fives, each player hits his partner's tee shot, then each player hits his partner's second shot. Then the team selects the best third shot. The player that did not hit the selected third shot plays the fourth shot and the players alternate until holed out. The lowest net team score is the winner.

Players may form their own team, or sign up as an individual and we will place you on a team.

Per the USGA Handicap Manual, the team handicap is the total of 60% of the A players course handicap plus 40% of the B players course handicap, rounded up.

Sign up online at DMCgolf.org, or you can bring in the entry form with a check for \$50 (or \$66 with cart) to Dwan and give it to Ali, or someone who will get it to Ali by 7/14/2020 at 5:00 pm
