Gus, we are so appreciative of your thorough review of Dwan Golf Club. Thanks for taking the time to rate us. We're happy to know that you have been happy with your experience at Dwan, and most of all we're glad to have you as one of our valued guests. Rest assured we are doing all we can to maintain and enhance every element of the course, including the bunkers. Our maintenance team works tirelessly to give our customers an excellent experience every time they visit.

Thanks again for your review and we look forward to seeing you out on the course again soon!

Thanks Michael for taking time to rate and review Dwan Golf Club. You're not wrong in that we are a little shorter on yards than many 18-hole championship courses. But we like to think we make up for it by being LONG on fun, challenge, and course condition! :-)

We appreciate you being one of our valued guests and we hope to see you out on the course again many more times in the future.

Thank you for bringing this to our attention, Armando. We take customer service and the customer experience very seriously at Dwan Golf Club, and we are sorry to hear that your experience was not a positive one. We will use your feedback as a coaching opportunity for our outside service staff. Because Dwan is a very busy golf course, we do have a standing policy of pairing up players in order to maximize the opportunity to play and to help keep our pace of play at a reasonable rate. So as you noted, our starter was following policy by asking you to wait until there was a lull in the tee sheet so that you could play as a single. Regarding the payment issue and our starter's comment about the computer system, we have installed a new cloud-based tee sheet and point of sale system, one feature of which is that when a player checks in and pays at our pro shop, it automatically updates the tee sheet on a laptop used by our outside service staff. With the new system and the golf season having just gotten underway, we are still acquainting ourselves with how all of the features and functionality (such as the automatic player status updates) work in our real-world operating environment. Your comments will be of great help to us as we continue to get comfortable in the new system and strive to improve our processes, policies, and staff training to ensure that our valued guests have an enjoyable experience at Dwan Golf Club.
